

2022  
Fresh Cut Flowers

Glenreagh Gardens

# About our Fresh Cut Inventory

We take pride in producing Fresh Cut Flowers & Herbs.

Please understand that mother nature creates our flowers with a bit of human intervention. Availability is dependant on the season. Only flowers that make the cut will be harvested as we continue to strive to produce high quality fresh cut flowers for you to create with.

*Please note that the availability, colors, shapes and sizes are dependant on growing conditions and therefore the actual flowers and availability may be different than the photos in this catalogue.*

“I must have flowers, always and always”  
- Claude Monet

# Dahlias

New for this year!

Dahlias are new for 2022! There will be short supplies as we work towards an abundant dahlia crop!

# Wildflowers

*A boho favourite*

Wildflowers are a favourite around here. You never know what going to pop up in the wildflower gardens.

*Watch our emails for detailed availability.*

---

# Sunflowers

*The flower that started it all*

We love sunflowers, this special flower created our business and now, we grow a variety of them!

Since they are field grown, these sunnies come in all sorts of colors, shapes and sizes. *Please check our emails for color availabilities.*

---

# Herbs

A nice addition to a fresh cut bouquet

Some herbs double as a fragrant fresh cut! Some of our herbs get dried for our dried flower inventory as well.

---

Opal Basil

Chamomile

Cilantro

Thai Basil
